Section 16.0 Emergency

APL shall have an Emergency Response Plan to ensure the Library's timely and appropriate response to emergencies. Responsibility for developing and maintaining the plan rests with the Library Director or their delegate.

In the case of emergency, the Library Director shall have full authority to respond to the emergency as needed, with the exception of financial decisions over the amount specified in policy 4.1. Other decisions made by the Library Director that would normally be made by the Library Board, must go to the Board for ratification at the first available opportunity at a regular or emergent meeting to be held within seven days.
